

For every Australian or overseas IT or Data Science tertiary qualification(s) that you have completed, you must provide 2 types of documents:

## 1. Degree or Award Certificates

Please make sure all Degree or Award certificates clearly display:

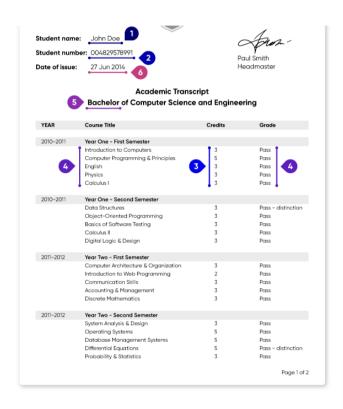

- 1. Title of Degree or Award
- 2. Name of University or Awarding Institution
- 3. Date the Degree or Award was completed
- University name
- University emblem/crest/stamp
- Student name
- Name of degree
- Location
- Graduation year

## **PLEASE NOTE:**

- If the degree completion date or award date is not identified within the document, the qualification will be assessed as not suitable
- If you have completed a qualification but the Graduation Certificate or Testamur has not yet been awarded, please provide an official document such as a completion letter from the university that states the date you met all the course requirements and became eligible for the award
- If you have a Post Graduate degree, please also provide documents for the undergraduate qualification
- For research degrees, ple abstract of the thesis or research project, endorse y supervisor where possible

ACS will only proceed with an assessment once we have screened and verified the full suite of documents within the application. It is the responsibility of the migrant to provide true and accurate evidence and information when applying for an Australian visa, including all skills assessment activities as well as any documentation supplied by a representative or migration agent.

## Document formatting

The original documents to be uploaded in your application may be paper-based or electronic and must be formatted as per the table.

Paper-based original documents	Electronic original documents
Upload original high-quality colour scans (at least 300 dpi). Scan all documents at the same resolution (dpi).	Upload original files.
Ensure all the edges are visible so that the document does not look cropped.	If documents are digitally signed, do not combine them with any other document.
Consolidate all pages into one PDF document for each qualification.	If original PDFs are password- protected for reading, then attach a separate PDF document with a table containing file names and passwords.
